AUDITORS' REPORT

To the Taxpayers of West Rutland, Vermont

The Balance Sheets of the Town of West Rutland and other related statements of Cash Receipts and Disbursements, as of December 31, 1962 and the year then ending, have been examined by the Board of Auditors.

The Taxes levied for the year 1962 and prior years' uncollected taxes were accounted for by collections, or taxes in the Collectors hands at the end of the year. Payments by the State of Vermont to the Town as confirmed by the Auditor of Accounts, were accounted for.

Approved disbursement orders were examined and found correct.

The Balance Sheet and related statements of Cash Receipts and Disbursements present the position of the Town as of December 31, 1962, and transactions of the year then ending.

After a careful examination of the accounts of the various Town Officers, we recommend the overall budget, as given in this report, for the coming year.

Due to the large amount of indebtedness, on January 1, 1963, there should be **ECONOMY IN ALL DEPARTMENTS**, to avoid a substantial increase in taxes.

CHARLES A. PIPER,
JOHN L. BATTLES,
MARY R. ST. LOUIS,
Auditors

VERMONT STATE DEPARTMENT OF HEALTH TOWN REPORT, 1962

The following health services were available from State-Federal tax money and local voluntary contribution to protect the health of the people of West Rutland, along with the people of the other towns and cities in Vermont. A tabulation of the principal State Health Department services which the residents of your town used last year follows:

With the aim of keeping children well and helping handicapped children, well-child and school conferences were attended by 372 children. Nutrition and dietary consultations numbered 1. 8 with orthopedic, cardiac, plastic or neurological conditions received services or appliances through clinics for handicapped children.

In the effort to control communicable disease 41 persons received chest x-rays; 171 children received immunizations, including boosters, against diphtheria, whooping cough and/or tetanus. Polio immunizations, including boosters, were given 193 children and adults in clinics and conferences. The state laboratory performed tests on 47 water samples. 72 blood specimens and 15 other specimens. Vaccines, antitoxins and biologicals were distributed for protection against communicable diseases.

There were 30 sanitary inspections or consultations made at the town's food and lodging places and 15 concerning water supply, sewage disposal, public buildings and other problems, to protect health through improved town sanitation. In connection with the state licensing program and the Hill-Burton federal aid program for hospital and medical facility construction there were 3 inspections-consultations to hospitals, nursing homes and homes for the aged.

Individual interviews with the psychiatrist, psychologist or psychiatric social worker were given 5. Under the community mental health program to develop local projects for prevention, treatment or education in mental health, financial assistance and staff consultations are available.

In cancer work 5 received diagnosis and treatment at tumor clinics or were financially helped with hospitalization costs.

All programs in the department offer educational services. Pamphlets, films, a news release and information service and speakers are available.

The public health nurse served at well-child and school conferences, x-ray and immunization clinics, assisted by local people.

She visited homes, doctors, and agencies, making 187 visits on behalf of 78 persons and community health activities. Her service is an essential element in the department's program for health promotion, disease prevention, diagnosis, treatment and education.

Respectfully submitted,

R. B. AIKEN, M. D., M. P. H.
Commissioner of Health

VERMONT DEPARTMENT OF SOCIAL WELFARE Montpelier, Vermont

This twenty-seventh in the series of annual reports submitted to the people of West Rutland presents tabulations for the calendar year 1962. In the Department of Social Welfare's programs of assistance to the aged, blind and disabled 30% of the costs of hospital and physician services, as well as the excess over 175.00 per month in Nursing Home care, are assessed against the town of settlement of the recipients of such care. Participation charges incurred by your community during the past year for each of these types of care were as follows:

Nursing Home Care	\$1,143.74
Hospitalization Services	1,370.97
Physician Services	122.70

Under similar settlement provisions town participation in the program of Aid to Families with Dependent Children is at the rate of one-eighth the assistance grants while costs incurred for the care of Committed Children are borne equally by the local and state agencies. Charges assessed against your community for the former amounted to \$137.56 and for the latter \$45.95 for the year just closed.

During April, 1962 there were 32 recipients of Old Age Assistance, 1 recipient of Aid to the Blind and 5 recipients of Aid to the Permanently and Totally Disabled residing in your community. Direct money payments to these persons were financed entirely out of state-federal funds. Among the other programs financed from these same sources were Services for the Blind, Adoption Services and the recently inaugurated Medical Aid for the Aged. While no town-by-town records are compiled for these categories, their benefits were available to all qualified residents.

Respectfully submitted,

JOHN J. WACKERMAN,
Commissioner of Social Welfare

SCHOOL NURSE'S REPORT

The dental program began January 11, 1962 was completed the latter part of April. There were 140 Main Street children and 82 from St. Stanislaus school taking advantage of the program as well as 44 pre-schoolers.

On May 22 a clinic was held for Seniors offering tetanus, booster and re-vaccination immunizations with Dr. Smolinski the attending physician. He was assisted by Miss Meuser, Public Health Nurse, Mrs. Nelson, School Nurse and Mrs. Cassady, recorder. There were 22 students who took advantage of the program.

Through the State Department of Health, on June 12, oral vaccine was offered to children from 6 weeks to school age. Arrangements were made by Mrs. Cassady, Mrs. D. Fuller, Mrs. M. Kenny and the School Nurse with Dr. Smolinski the attending physician. There were 163 children who received the vaccine.

There were 546 students registered in both schools at the opening of schools.

Vitamins, distributed to grade children, with the parents consent, were furnished by the Parent Teachers. Children of St. Stanislaus school paid for their own.

Each child is checked during the school year, school records kept and parents notified if defects are found. Patch tests were made on 4 children and found negative.

A first grade school clinic was held at the Main St. School in October. Dr. Smolinski was the attending physician assisted by the Public Health and School nurses. A second clinic was held on November 30. A similar clinic was held on December 4 at St. Stanislaus school and a second on January 15.

On January 22 a clinic for High School students was held at the Main St. School.

All school conferences were under the supervision of the State Department of Health.

An oral vaccine clinic will be held in the near future for persons ranging in age from 6 weeks to 30 years.

Two children have been provided with glasses by the Association for the Blind.

There have been numerous cases of Measles, Chicken-pox, Mumps and Grippe. Several children were hurt and required a doctors attention. Seventy-five home calls were made as well as many telephone contacts.

MRS. ESTHER NELSON, R. N.,
School Nurse and Truant Officer

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

The annual report of the Superintendent of Schools is hereby respectfully submitted. The exterior woodwork of the building was painted during the summer. Needed repairs were made on the roof. The chimney was overhauled and repaired. Fluorescent lights were installed in the sewing room of the Home Economics Department. This room is located on the first floor of the building.

Miss Elizabeth Lavalette resigned her position as instructor in the Commercial Department.

Mr. Kenneth O'Neill resigned his position as instructor of French and English.

Mr. Norbert Sevigny, after being associated with the West Rutland High School faculty for a period of thirty-six years, resigned his position. It is fitting that the following tribute paid to Mr. Sevigny by one of our instructors who has been associated with him these many years should be included in this report:

"Norbert Sevigny, a quiet mild-mannered young man became a member of the West Rutland School faculty in September 1926. It did not take long to discover that this gentleman was intelligent, cooperative and truly dedicated to the teaching profession.

During his many years at West Rutland High School, "Norb" taught various subjects, including mathematics, history, science and he later became head of the Commercial Department. He was also the Junior Class Advisor and for many years has been the very able assistant principal of the high school.

Norb's cheerfulness, patience and ever ready willingness to help out in a situation leaves a void which will be more than difficult—if not impossible—to fill.

Miss Nancy Yager, a graduate of Trinity College, and a resident of Rutland, Vermont, was engaged as instructor in stenography and typewriting.

Mr. Charles A. Wise, Jr., a graduate of Hofstra College, and a resident of Killington, Vermont, was engaged as instructor in bookkeeping, commercial law, and economics.

Mr. John T. Kelley, a graduate of Holy Cross College, and a resident of Lowell, Mass., was engaged as instructor in English and French.

Mrs. Theodosia Jasmin was continued as a part time instructor in music.

Miss Helma Erickson was continued as a part time instructor in art.

The guidance program, which is a principal-directed program, is under the direct supervision of Miss Bernice Hinchey. Miss Hinchey devotes two periods per day per week to this work. This work consists of personal interviews with all students, helping them in the selection of their curriculum and advising them relative to their future education or vocation.

In this report a summary of the work that has been done in carrying out the Order of the Fire Marshall #2386, dated October 1961 is made for your information.

TOTAL AMOUNT EXPENDED TO DATE ON FIRE MARSHAL'S ORDER	\$9,015.87
---	------------

The town of West Rutland has received in state aid from the Department of Education, \$1,800.00, which is the first award and is 15% of the estimated cost of \$12,000.00.

Upon completion of the project and a satisfactory audit has been made by the Department of Education, the State will then reimburse the town another 15%, making the total State Aid 30% of the cost of the project.

FRANK N. HINCHEY,
Superintendent.
